Abele, Joseph B.: Solving a Practical Problem by Simultaneous Equations	817	553	817
Abolites—Holder Socket with Steel Refector	1004	684	1004
Accident Preventor—Safety Device for Punching, Stamping Presses, etc.	925	629	925
Accidents and Employers' Liability, Industrial	264		266
Accidents, Causes of Aeroplane	771	531	
Accidents in Airship Flights, Percentage of	601	417	605
Accidents in the Industries, The Cost of	33		33
Accidents, Proverb about	789		789
Accidents, Railroad			268
Accidents, The Mechanical Engineer and Prevention of	550		550
Acme Machine Tool Co.: Acme Combination Turret Lathe	496	336	496
Machining Spur Gear Blanks	483	323	483
Turret Lathe Turning Tools	240	160	240
Accuracy and the "Sense of Values."	286	190	286
Adair, Personal of George H.	676	460	676
Adams-Bagnall Electric Co.: Abolites—Holder Socket with Steel Reflector	1004	684	1004
Adams Co.: Farwell Automatic Gear-Hobbing Machine	58	34	58
Farwell Gear Tester	152	96	152
Adapters for Holding Large Thin Washers while Turning. Ralph E. McCoy	217	137	217
Adding Machine Side Frames, Grinding. A. C. Lindholm	300	196	300
Adding Machine Stops, Making. A. C. Lindholm	214	134	214
Adell Bros. Mfg. Co.: Steel Clamp	756	516	756
Adjusting Strips or Gibs used on Machine Tools. Joseph G. Horner	631		631
Aerial Engines and Aeroplanes, Light-weight Alloys for	620		620
Aeronautical Terms, A Glossary of. L. R. W. Allison	39		39
Aeroplane Accidents, Causes of	771	531	
Aeroplane Engines with Automobile Engines, Comparison of	277	181	277
Aeroplane Flight in Italy	159	103	159
Aeroplane Flying, Record for Altitude	47	23	47
Aeroplane Industry, in France, Development of	102	62	102
Aeroplane Industry in France, The. W. F. Bradley	36		36
Aeroplanes and Airship Engines	365		365
Aeroplanes, Light-Weight Alloys for Aerial Engines and	620		620
Aeroplanes, Problem of Automatic Stability of	23	7	23
Aeroplanes, Stability of	608	424	608
Air Brake as related to Progress in Locomotion, The	376		376
Air Brake, History of the Westinghouse			337
Air Compressor Design. J. William Jones	790		790
Air Compressor, Sargent Two-Stage Gas-Driven	996	676	996
Air Compressor set for Blowing Dust from Electrical Apparatus			76
Air—"Correction," Horsepower required to compress	368		368
Air Hammer, Steam or	241	161	241
Air, Horsepower required to compress.—With Data Sheet. J. William Jones	287		287
Air-Lift Pump, The. Harry L. Glaze	720		720
Airship Construction, Light Alloys for	377		377
Airship Engines, Aeroplanes and	365		365
Airship Flight contemplated by Joseph Brucker, Trans-Atlantic	354		354
Airship Flight of Wynmalen	505	345	505
Airship Flight, Pierre Vedrine Breaks Record in	699		699
Airship Flights, Percentage of Accidents in	601	417	605
Airships and Airship Devices, Patents on	559	375	559
Ajax: Making a Large Stud on the No. 00 B. & S. Automatic Screw Machine	305	201	305
Ajax Mfg. Co.: Forging Machine	755	515	755
Hot Saw and Burring Machine	499	339	499
Albany Hardware Specialty Mfg. Co.: Sensitive Drill Press	68	44	68
Alden, Personal of Prof. George I.	72	48	72
Allner-Boswell Radius Planing Attachment	752	512	752
Allen, C. A.: A Tool for Facing Cast Gears	485	325	485
Allen Mfg. Co.: Safety Set-Screws	234	154	234
Alligator Wrench with Adjustable and Renewable Jaw	858	594	
Allison, L. R. W.: A Kink for the Drawing Cabinet	220	140	220
Physical Injury from Drafting	735	495	735
Some Suggestions for Indexing Books	565	381	565
Alloy—Monel-Metal, Interesting	543		543
Alloy—Radioro, New	796		796
Alloys, Aluminum	642		642
Alloys, Common Defects in Metal	451		451
Alloys for Aerial Engines and Aeroplanes, Light-weight	620		620
Alloys for Airship Construction, Light	377		377
Alloys for Pressure Castings, The Design of Die-Casting Machines—. E. F. Lake	886		886
Alloys, New Aluminum	892		892
Almond Mfg. Co.'s Evening School, T. R.	925	629	925
Almond Mfg. Co., T. R.: Almond Tool-Holder	588	404	588
Alpha: Gashing Spiral Fluted Hobs	268		
Alter Ego: Commutator Making	802		802
Alter, Personal of Robert S.	760	520	760
Alteration of Patterns. Benj. Worth	482	322	482
Alteration of Patterns. C. S. Bourne	297	193	297
Alton, Laine & Co.: Welding Outfit	420	284	420
Alton, W.: A Handy Shop Truck	821	557	821
Adjustable Two-Spindle Drilling Attachment	818	554	818
Altruism, Disappointing Results of. J. Crow Taylor	529		529
Aluminum Alloy, Duralumin, New	76		
Aluminum Alloys	642		642
Aluminum Alloys, New	892		892
Aluminum, Flux for	188	116	188
Aluminum for Electric Wires, Copper vs.	600	416	604
Aluminum Pulleys to American Planers, Application of	995	675	995
Aluminum, Soldering	856	592	865
Aluminum vs. Copper Conductors	460		460
